Innovative and dynamic risk management!

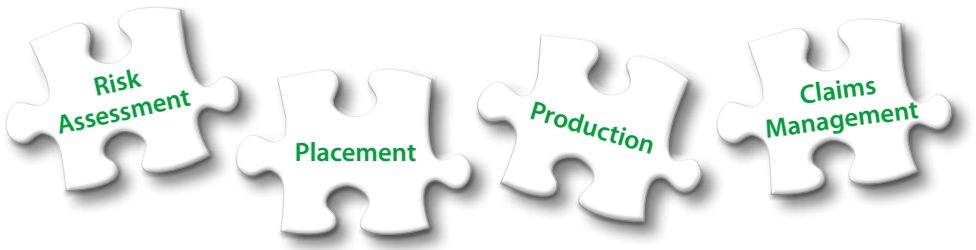

Who are we?

Agallis inc is an independent broker and consultant in risk and insurance management and. belongs to Ageas Holding and ranks among the 10 largest brokers in Belgium in terms of turnover and equity.

What do we do?

In each phase of our value chain (4 stages), specialists are at your disposal to analyze your specific situation and make recommendations based on your needs so that you can concentrate entirely on your main activities.

- Analysis of your activity so as to reduce your pertinent risks as much as possible
- Close follow-up of your changing needs with regular optimization of your file
- Prompt administrative management of your insurance policies
- Immediate claims assistance from declaration to final settlement

Consulting in the 4 fields of corporate insurance

Employee Benefits

- Life
- Death
- Disability
- Hospital benefit

Accidents

- Workmen's Compensation
- Group Accidents
- Non-Occupational Accidents
- Manager / Keyman Person

Liability

- General public
- Products
- Professional
- Directors

Property

- Fire – Business Interruption
- Machinery Breakdown
- All risks
- Vehicles - Fleets

The world evolves and so does the role of the insurance broker.

A company like yours appeals regularly to experts and consultants in a whole string of fields (accounting, taxation, etc.) and should also be able to count on a true specialist in risk and insurance management, taking advantage of a service with high added value.

How do we make the difference?

Agallis inc has developed an innovative and original approach which distinguishes it from its competitors and which is essentially based on four major principles:

- expertise
- commitment
- proactivity
- transparency

You can always speak with a personal contact, your Account Manager, who has the expertise necessary to offer you the most efficient service.
